507 SKILLED/ TECHNICAL HELP

**We are searching for the BEST of the Best!
CNC LATHE SET-UP OPERATOR/PROGRAMMER**

Join our innovative new prototyping cell!

If you're the best now our challenges will allow you to be even better!

We need someone who thrives on new opportunities and can do whatever it takes to get the job done. Must be able to work in a fast-paced environment with minimal supervision using your highly developed process skills.

Our work is low volume and innovative prototypes for an international distributor. You will create programs and operate CNC Lathe equipment; select and set cutting tools to produce small intricate parts with very tight tolerances and surface finishes using your creativity and inventive machining skills.

Our Mission is to create productive and lasting relationships based on mutual trust and respect. We offer stability, security and opportunities for advancement, excellent equipment and a clean safe, climate controlled shop. Based on demonstrated experience industry leading wages are negotiable. Our benefits package includes medical and dental, life insurance profit sharing components.

Does this describe the type of career challenge you have been dreaming about? If you're up to our challenge, and have 7+ years of related experience send your resume, stating wage expectations, in confidence to:
